

## Holidays: Discuss Giving with Your Kids

- What do they want that money can't buy?
- What do they want to give others that can't be bought?
- Think together about making things
- Think about “give certificates” of services or other special arrangements
  - Examples – child is parent for a day, do someone's chores for a week, etc.
- Consider buying gifts from charitable organizations
- Consider volunteering or making gifts to organizations of recipients' choice
- Explore ways to give as a family or as individuals to those in need in your community.
