

## What is a “Yes Space?”

A “yes space” is an enclosed space in your home that is made specifically for your child. In this space, a child can move, touch, and explore freely without being reprimanded or told “no.”

### What are the benefits of a “yes space?”

- Promotes independent play skills
- Improves concentration
- Supports decision making
- Provides peace of mind for you AND your child
- Allows you a few moments to attend to work or relax

### Guidelines to consider

- Remove hazards
- Toys in good repair
- Clear, visual boundaries
- Open-ended materials
- Organized space

*“Boredom is just the time and space between ideas...  
and sometimes the wellspring of genius.”*

-Janet Lansbury
